

Heilbron Assemblies of God Holds Special Appreciation Service

The Heilbron Assemblies of God congregation came together on 7 December 2025 for a heartfelt appreciation service in honour of Pastor Kambule and his wife, Mrs Kambule. Among those taking part in the ceremony was long-standing congregation member Ms Caroline Leotlela, who helped guide the programme and its message of thanksgiving.

Before any leaders or individuals were acknowledged, the congregation began with what could only be described as the most important act of gratitude — giving thanks to God for carrying everyone present there from the start of January, right through to December. She reflected on some of the challenges faced throughout the year, including this recent wave of unpredictable weather patterns that the world has experienced.

The central message of the sermon focused on the Biblical declaration found in 1 Samuel 7:12, where Samuel set up a stone of remembrance, naming it Eben-Ezer, meaning “Thus far the Lord has helped us.” The theme was echoed throughout the service as members reflected on God’s steadfast protection, provision and faithfulness throughout the year.

The service then moved on to expressing warm appreciation to Pastor Kambule and Mrs Kambule for their continued leadership, dedication and spiritual guidance within the congregation. Members shared words of encouragement and gratitude, acknowledging the couple’s pastoral care and unwavering commitment to the community.

The ceremony closed in an atmosphere of unity and thankfulness, with the reminder that, despite the challenges of the past year, the congregation continues to stand firm in the belief that God has indeed helped them until here.
